

INSTALLATION GUIDE

TOOLS REQUIRED

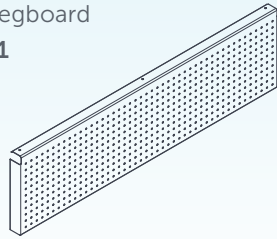

- Cordless Drill
- PH2 Phillips-head Bit

COMPONENTS

Self-Drilling Screw
x3

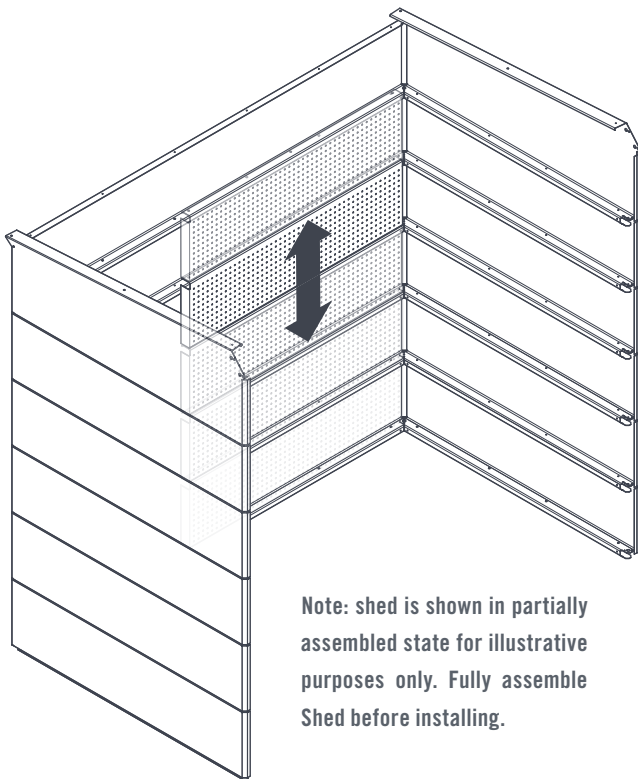

Pegboard
x1

INSTALLATION

Handi-Pod® Garden Shed Pegboards can be installed to any wall and at any Panel lap.

Determine wall location and height to install the Pegboard.

Note: shed is shown in partially assembled state for illustrative purposes only. Fully assemble Shed before installing.

FIGURE 1.0

Fit the Pegboard to the wall Panel. Fasten through the Pegboard into the wall Panel with three Self-Drilling Screws.
